## Apple Pie Moonshine

Drivin in my four door Ford through Carolina  
Hope that Johnny Law don't see, what's inside her  
Goin real slow, he don't have to know  
But if he turns sirens on, I'm tearing up this road  
Nothin here to see, got nothing on me  
Ain't gonna find the shine underneath my seat  
Aint doin nothing wrong, so just move along  
I'm a bootlegging bandit, that's my job

Takin Highway 1, got an order for the judge  
Once his case is gone, I'm headed back home  
5-0s right behind me, now he's creepin up  
Flashin' those lights at the back of my truck

You know what he wants...

He wants that Apple Pie Moonshine

I brew it up real fine  
Sell it to the senator, lives out on the state line  
Wants it tonight, I said it's gonna take time  
Today it aint easy, but it's worth waiting for  
I know he'll pay me double if I bring it to his door  
He said take the money, multiply it times four

He wants that Apple Pie Moonshine

I put the pedal to the floor, turn up the radio  
My body's pushin back as I hear that engine roar  
Making my escape faster than before  
Headin through the backwoods, Exit 84  
Sherriff's still behind me, when I see that sign  
An X in black and white, the crossings to the right  
Cautions up ahead, but I'm flying through the red  
Aint gonna catch me, I'd rather be dead

Got that sour mash, stashed up in the back  
I didn't break a bottle when I jumped those tracks  
The train comes rollin through, he dont know what to do  
Don't think he's ever seen how a country boy moves

Hahaha Uh huh

Chorus

I'm the best in the business, can I get a witness?  
I try to tell um all but don't nobody listen  
I'm all about the hooch, make it in my kitchen

And get it where it goes with the pistons in my engine  
Ya know the law can watch me but no they can't stop me  
I know you think that I'm bein little cocky  
I've done this forever, I'm better than the rest  
And mine is best moonshine you'll ever get

Chorus
