Jet Black Remedy

Oh oh so the story goes
She hit me in heart like a drive by lover
Red lips, midnight hair
Black number one is my favorite color

She's at top of my wish she wasn't gone list
I'm at the bottom of low feeling soul sick

I need a jet black
A jet black
A jet black remedy
Shoot the lights out
Bring the night down
Hard on her memory
Johnny Walker in a glass
To kill the pain I'm feeling
The sound of Cash
On vinyl scratchin'
Helps me with the healing
A jet black
A jet black
A jet black remedy

Part two, darker shade of blue
Medication's working but I'm still empty
Like Hank the Cadillac, the cure is gonna kill me
And the music cant save me
