LA Love Song

Short sleeves in the wintertime
Take the 5 to the 10 to the 405
Hybrid cars and sidewalk stars
She's one of a kind

Palm trees and clear blue skies
Drive through the hills to the Hollywood sign
She gets crazy from time to time
But my oh my

When the sun sets on Sunset
Radios playin' and stoplights changin'
From red to green, green to red
Shes the city of angels, you can't change her
When her streets get quiet and her clubs get loud
We'll shine like gold in this tinsel town
It ain't wrong
So sing along, sing along, sing along
To an L.A. Love Song

She's a velvet rope and rock 'n roll
She's a state mind and who you know
From the 213 to the 310
She's queen of the West

Bonfires burnin' on the beach
Her good times keep callin' me
Shes the kind I could never leave
And we'll do it again

Chorus
