Last Man

You remember what he did to you?
All the things he put you through
Baby you ain't gotta choose
I'm not your last man

I know I gotta earn your trust
If it's gonna be the two of us
Cause honesty's a must
I'm not your last man

This situation is your chance to feel
The love I have for you
So let me show you

I'm not your last man
Tryin to let you start again
Want to make you happy and
Tryin to make you understand
I'm not your last man
I'm not your last man
Gonna make you understand

You know he's tryin to sell you dreams
He aint selling you what you need
So baby just come with me
Im not your last man

You don't wanna have those regrets
Forgive and don't forget
Nobody's perfect
I'm not your last man
