Leave The Tab Open

I don't wanna wait till the end of the work week
I need something strong, hand me a cold drink
Don't need an excuse, but I got a reason
To let loose

It's our chance to raise a cup tonight
Our chance to cross that line
Three drinks in
Still knockin' em back
Cause yeah you know you hit me like that

Oohh, Ohhh
Let's have another one more round
Oohh, Ohhh
Whatever it takes to keep you around
Cause I don't wanna leave these neon lights
While you're sittin' on a bar stool by my side
Baby I'm payin an this place ain't closin
So lets just leave the tab open

I aint gonna let this party slow down
While everybody's havin a hell a time now
Whatever you want you want to drink
Ill keep em comin all night long

Chorus

Ill leave my card with the bartender
Come back for it sometime
Ill do whatever it takes
To make sure we have good time

Chorus
