## No Ordinary Love

There is something girl about you  
I can't be without you  
But you just wanna wear a disguise

This heartache deep inside you  
Girl don't let it guide you  
I don't wanna waste your time

Baby let your feelings show  
Girl you've got to let them go  
Cause I want to give you love  
That's more than typical

I'll be your one and only  
So you are never lonely  
Out of the ordinary love

This love is freely given  
I'm in with no condition  
This ain't no ordinary love

No ordinary love  
No ordinary love

I've long for peace inside me  
Someone to stand beside me  
I found it in your heart  
Been all the lonely places  
Seen all the pretty faces  
And I know you are the one

There is nothin' that's so real  
So show me how you feel  
Cause I want to give you love  
That's more than typical

Repeat Chorus

When you're faced with no retreat

When you need a place to breathe  
Girl you can lose yourself in me

Solo over verse/Pre 1/Chorus out
