Other Side of Midnight

It's Friday night I'm ready for the weekend
Had a few and I'm feelin alright yeah
Call up my boys cause the day is through
Ain't no tellin what we're gonna do

Hop in the car and we'll hit the bars downtown
I got some money and I'm paying for the first round
We're raisin hell in the neon lights
And staying out til the other side of midnight

Let's get crazy
Let's get wild
Do a little living
Cause it's been a while
Aint gonna worry
Cause we aint got the time
Come, come on
We're catchin' that buzz
We aint goin home
Til the sun comes up
Everythings good, feelin just right
Aint going back to the other side of midnight

You cab it over and you're bringin all your girlfriends
It's gettin' better by the minute since you walked in
That come and get me smile aint hard to see
Those deep green eyes starin at me

Its 2am and we're gonna shut this place down
After the after party on the other side of town
Theres a feeling that we cant deny
We aint goin back to the other side of midnight

Sun is coming up
Yeah we're finally alone
Girl I'm takin you home

Chorus
